

# How to Use the XML Parts List Code with bricklink.com\*

Note: In order to generate a parts list and shop for LEGO elements using BrickLink.com, you will need to register for a free BrickLink account. Once you have registered, log into 'My BrickLink' ('My BL').

\*Please note that the BrickLink logo and type treatment are copyrights owned by BrickLink Limited and are used without permission in this document.

Navigate to the Upload page from:

- The BrickLink homepage:  
Hover over Want, then select Upload.

OR

- The Wanted List main page:  
Select the Upload tab under the BrickLink main logo.

The screenshot shows the 'Upload Items to your Wanted List' interface. At the top, there's a navigation bar with 'bricklink' logo, a search bar, and links for Shop, Community, Help, Sell LEGO, My BL, Want, and Cart. Below this is a secondary navigation bar with 'New', 'Wanted List', 'Upload', 'Part Out', 'Search', 'Buy', and 'Classic'. The main content area is titled 'Upload Items to your Wanted List' and shows 'Step 1 of 2: Upload a file or use Bricklink's XML format'. There are two radio button options: 'Upload a file from your computer' (selected) and 'Upload Bricklink XML Format' (with a link to 'See Instructions'). A red arrow points to the 'Upload Bricklink XML Format' option. Below the options is a large text area labeled 'Copy and paste here' with a blue arrow pointing to it. To the left of this area is a dashed box for file uploads with the text 'Drag a file here or click to browse for a file to upload'. Below the upload options, it lists supported file types: BrickStock/Brickstore (.bsx), LDraw (.ldr), and LEGO Digital Designer (.ldf). At the bottom of the main area, there's a dropdown menu for 'Add to:' set to 'Default Wanted List (0)' and a 'Verify Items' button. The footer contains sections for 'EXPLORE', 'JOIN', 'ABOUT', and 'RESOURCES' with various links.

Select 'Upload Bricklink XML Format' option

Copy-and-paste **all** the XML text from accompanying Parts List.rtf file into the website box labeled, 'Copy and paste here'

© 2016 BrickLink Limited. All rights reserved. Terms of Service | Privacy Policy. Some LEGO® sets contain small parts that are NOT suitable for and may pose a hazard to children under 3 years of age. LEGO® DUPLO® sets have larger pieces which are specially designed for children under 3. LEGO® is a trademark of the LEGO Group of companies which does not sponsor, authorize, or endorse this site.

Scroll down to the bottom of the preview page and click 'Add to Wanted List' to confirm the parts list.

Congratulations! Your detailed parts list is all done and ready for viewing. Go back to your main Wanted List page to start shopping for LEGO parts.

Note: This simple guide shows you how to set up your default wanted list; feel free to upload XML code to other customized lists that you can organize as desired.

Here, you can see all the parts you need for the model you're building and begin to shop for the elements you're missing.

To shop for specific parts on the list, select the checkbox next to each specific part and then click 'Quick Shop'

Note: Be sure that each part has the (Do Not Notify) symbol next to it so that your inbox is not flooded with emails regarding parts availability.

The XML code was compiled with BrickStock, a LEGO-dedicated inventory management program that was developed by Patrick Brans and is free to download at [brickstock.patrickbrans.com](http://brickstock.patrickbrans.com).

BrickStock is open-source and available for both Mac and PC.
